## THE MISSION

# OF FIGHT NIGHT

To create a permanent national program where Bahrain's youth are developed into future GCC & Olympic Champions.

# FIGHTING FOR THEIR FUTURES

---

This program and the **Fight Night** events that coincide with it allows coaches to help kids gain & stay disciplined, provide a safe-haven in the community & support and prepare our athletic stars of the future for both national and international stages such as the Olympics. This program inspires, transforms & saves lives.

# WHY

# FIGHT NIGHT

**S**anctioned amateur boxing events are relatively new, and as a result doesn't currently have a structure training or competition cycle.

**Fight Night** provides a first of its kind platform to bring all programmes & talented youth boxers across Bahrain to one central event to showcase their talents.

This harnesses the potential of **Bahrain's boxing elite** into one shared vision for the world to see.

# CURRENT CHALLENGES

## Today in Bahrain:

There is no fixed calendar for amateur boxing events.

Youth train without clear goals or chances to compete.

- ✔ Businesses often hesitate to support what they don't fully understand.
- ✔ Many service providers charge fees beyond our budget, forgetting the bigger purpose.
- ✔ If this platform stops, countless hours of youth training go to waste.

I have personally funded every Fight Night so far. Each event costs around 4,000 BHD, covering venue, ring, production, officials, medical team, and logistics. I do it because the mission matters, but one person cannot carry a national platform alone. If I stop, the platform stops.

## FIGHT NIGHT: EMPOWERING BAHRAIN'S YOUTH

**F**ight Night isn't about a gym, it's about giving Bahrain's youth confidence, discipline, and purpose. Young people walk in with stress and self-doubt, but under the lights of the ring, they grow stronger and find direction.

Bahrain has the talent and passion, but no structured amateur pathway, Fight Night fills that gap.

### Who Fight Night Supports:

Youth and parents through positive growth and safe outlets; gyms and national teams through stronger amateur development; businesses and volunteers through meaningful exposure and service; and schools through integrated youth-focused sports programs.

### Without Fight Night:

Youth lose motivation, gyms struggle to develop talent, national potential declines, and the community loses a positive space.
